Come on, bitch, push it up( x7)  
Come on, bitch, push it up( x7)  
Come on, bitch, push it up( x7)  
Come on, bitch, push it up( x7)  
Come on, bitch, push it up( x7)

Hey, you know what it is  
Scobio, ma', you know what it is  
Talk advice, ma' , I only give a damn  
Touch your head back in case I'm one of these haters.  
Kicking that face butt poke  
Step up to the place where the poo-hole stroke  
Leave a bitch screaming, now he's no joke  
Call him 'cocaine' . (whyA) he's so dope

And nevertheless, I'm with the best,  
And some of the best are all of the victims, too.  
( that dick)  
And nevertheless give us the stress  
Talking the shit like a better won't fuck my girl  
(That's a bet)  
I'm pussy-fed like sumo  
I'll eat the pussy up, not a bitch want a sumo  
Better than me, who you knowA  
Just you all, treat us, what you need me forA

I like to grunt on the pussy,  
Pick her on the cover,  
Sperm on the pussy.  
Get all, I can't get my mind on the pussy.  
Fuckin' , undressin' , tryin' on the pussy.

She know she like it,  
Even called a girlfriend over to try it.  
Now I'm beating up one and other biting;  
I said I'm beating up one and other biting.

Come on, bitch, push it up( x7)  
Come on, bitch, push it up( x7)  
Come on, bitch, push it up( x7)  
Come on, bitch, push it up( x7)

Come on, bitch, push itâ€!

Hey, you heard about me  
( I'm done)  
Undisputed champ in the b.e.d.  
Some call me Sony, yeap, cleany HD  
Talking 'hard dick', I ain't talking 'tv'  
I get in front, in the back, if you want  
Dick suck, gotta leave if you don't  
It won't get hard if you won't  
I promise you, I know my dick.

I'm beating up across the room, across the floor  
To your core, you want more,  
Your head hitting the door, your body aching to sore  
You're waving a white flag, I gotta declare war  
I think your body is my enemy, yeah  
But I believe I should love that enemy  
I don't know what the hell got into me  
Fuck what was, let me say what's gonna be  
I smack her poo like when chocking  
Ass like a blue, like a booty I hellokin

Too late night, Nelly has spoken  
Imma go down on the pussy, ugly  
Yeah, you heard it right  
I'm built for long days, equipped for long nights  
My life is like in movies  
Showers in Jacuzzis, shoot! Dick like noozies

Come on, bitch, push it up( x7)  
Come on, bitch, push it up( x7)  
Come on, bitch, push it up( x7)  
Come on, bitch, push it up( x7)  
Come on, bitch, push itâ€!
