Come over baby, come over here, sit down sit down
I need to talk to you for a second baby
Umm, I really been, kickin a few things around baby
And I wanna share them with you right now,
y'knahmsayin?
Now later but now you understand me baby?
Umm, I wanna talk to you cause I
I wanna change your whole way of thinking baby y'know
what I'm sayin?
Not-not for my benefit baby, but for your benefit
Ya see what I'm sayin baby?
Cause this would allow you yourself baby, ya see what
I'm sayin?
To become more, with one with yourself, you see what
baby?
All I'm asking, and-and proposing that you do is
You just, just listen to me right now baby, ya see what
I'm sayin?
I wanna change your whole way of thinking baby, ya
see?
I wanna rearrange your whole medulla oblongata baby,
ya see what I'm sayin?
Can you deal with that right there baby? Y'know what
I'm sayin?
Now I-I, I know-I know it's a little extreme right now baby
Be quiet, y'know what I'm sayin? Listen, listen baby,
listen ya'know I'm sayin?
Listen to what I said baby, y'know what I'm sayin?
You know listen to me baby, did you hear what I said
baby?

see what I'm sayin?
Did you hear me baby? Listen could you can you hear

Ya see what I'm sayin? Cause if you say what you heard

Uhh, they may not know what 24, wood grain and
leather with a hole is
24 Inches or twenty-four inch rims in diameter

Wood grain is the type of material that goes like on the
dashboard or your doors
Leather is like your seats
And the hole is what they call a sunroof
Or maybe a three-way power hole

We ride 24's or better, wood grain or leather, with a
hole
That's all I know, I know
Plus 15's in the trunk (trunk) system ain't no punk

Unravel that cigarillo or, open up that wrapper
Pull out them Zigs and the Zags and the Zags and the
