Chorus:

If you'd be a dollar, dollar, if you'd be a dime,
I don't feel the fuck, I want all mine!
You short, you short,
You short, you short,
You short, you short,
You short, you short,
Mother fucker we're out!
I don't like to be a gran,
I don't give a fuck
I want it all God damn! Yeah!
You short, you short,
You short, you short,
You short, you short,
You short, you short!

I was here for a reason, only to survive,
Came here for the money, man, I ain't gonna lie!
I like big tits, ...body when I...
That's why I got the six and didn't get the five,
...to find, only get a sign!
So she like the rhythm...in my eyes,
I ain't got blind...
So she wanna switch, now she want to drive us out.
And I hit the gas paddle real fast and...
Open your mouth up wide and to see...swallow!
...up high, let me see if you're shallow
You got my...
I used the key, hit the gas and I'm back in my closet
Now I keep a fifty .. in the back of my closet.
If I keep a...now, in the back of my pocket,
Cause the nigger try to crown and I make my deposit.

Chorus:

If you'd be a dollar, dollar, if you'd be a dime,
I don't feel the fuck, I want all mine!
You short, you short,
You short, you short,
You short, you short,
You short, you short!
Mother fucker we're out!
I don't like to be a gran,

I don't give a fuck
I want it all God damn! Yeah!
You short, you short,

You short, you short,
You short, you short,
You short, you short!

If it's nothing to be made, mother fucker I'ma make it!
I see ...
What to do?
I'ma shake it!
She only came to tell me,
What to do?
I'ma take it!
And wake up in the morning and leave her there
naked!
She's like the rain!
I put my thing down.
Now she wanna play, like every day now!
...our nigger said how,
Watching the..., and put your fist down!
I'm in a problem ever since I got on,
And is a problem that my brother came home!
Their ride stop cause they can't afford the crown.
They wanna be the king, but they can't afford the
throne!
You better gone, I'm in the zone,
I'm up the throne, it won't be long!
I make one phone call...
I'ma about to...so hot, make ...in the room!

Chorus:

If you'd be a dollar, dollar, if you'd be a dime,
I don't feel the fuck, I want all mine!
You short, you short,
You short, you short,
You short, you short,
You short, you short!
Mother fucker we're out!
I don't like to be a gran,
I don't give a fuck
I want it all God damn! Yeah!
You short, you short,
You short, you short,
You short, you short,
You short, you short!
