I can't even remember
The look on your face
When you told me you're sober
Your eyes filled up with disgrace
From the month of October
Cut off your nose to spite your face
You can say that it's over
But who are you fooling anyway

[Chorus]
It's about time
You let go of this feeling
It's about time
You washed it all away with jealousy
It's about time
You let go of this feeling
You won't stop
Until you've burnt your bridges

When you look in the mirror
Tell me what do you see
Everybody around you
Is telling you to leave
Repeating to be the part
That led to misery
I hope your blood runs sober
When you're six feet under ground

[Chorus]

Tonight we'll see the truth
I hope that this apartment stays open
Tonight well see the truth
I hope that this apartment stays open
Tonight well see the truth
I hope that this apartment stays open
YEA!
And I mean this
Oh I mean this
Well I mean this

[Chorus]

Its about time
You let go of all your feelings
Its about time
you washed it all away with jealousy
Its about time
you let go of this feeling
you wont stop
until you've burnt your bridges
Burnt your bridges
yea
