Left on the corner of a two way dead end street
Take a third off Shamp try and cheat myself again
Straight to the back of my head
Forward to the brink of a restless state of mind
three shots two bombs and a bottle of wine
That's just fine
It makes for one hell of a time
Just when you got nothing left to lose
Lock your doors cause I'll be robbing you blind
clouded atmosphere
it's just you and me here
And I make for one hell of a time
Try and figure out if this is just a dream
Jump out in flames in a trail of screams
[Left for dead]
Straight to the back of my head
I feel so cheap and used tonight
But I'm starting to think it's alright [Alright]
It makes for one hell of a time
Just when you got nothing left to lose.
Lock your doors cause I'll be robbing you blind
Clouded atmosphere
it's just you and me here
And I make for one hell of a time
Tear me down
I'm everywhere you left me be
I'm everything you'll ever see
Oh yeahh
Oh yeahh
been cruisin' this place since '83
held up in all this bad company
[To me]
Well there's no place I'd rather be
Something pent up
Things startin to grow
Into something can't be controlled
Verdicts ode.
Another case controlling you
Just when you got nothing left to lose [to lose]
Lock your doors cause I'll be robbing you blind
Clouded atmosphere

It's you and me here [tonight]
And I make for one hell of a time
Just when you got nothing left to lose [to lose]
Lock your doors cause I'll be rubbing you blind
Clouded atmosphere
it's you and me here [tonight]
And I make for one hell of a time
