I used to pride myself on being the other man
But now it's flipped and I don't want you with no other man
Why can't you understand anything I'm offering
I gave you the world but you just wanted arguing

From the time I picked you up, until the time I dropped you off again
Even flipped out on me at the mall again
It's all his fault again, that's what you telling all ya friends
I ain't pointing fingers ma, I just wanna call again

See how ya day going I know they stressin' on ya
I know them times get hard that's why I'm checkin' on ya
It's yours truly ma, I got a little message for ya
Anything he can do, girl I can do it better for ya, 'cause

When we laugh or we cry it's together
Through the rain and the stormiest weather
We gon' still be as one it's forever, it's forever

Won't you come on and go with me? Oh girl
Come on over to my place
Won't you sit ya self down and take a seat?
And let me ease ya mind, girl
We gon' do it our way

I heard your friend told a friend that told a friend of mine
That you was thinking that we should do it one more time
If this ain't the truth then hopefully it's not a lie
'Cause I ain't got no issue's with hitting at another time

We never had a problem gettin' it done
Disagreed upon a lot mo' but the sex wasn't one
(Now check it)
I know you get excited
(Still)
When I come 'round and bite it

(Girl)
Quit frowin' up and quit actin' like you don't like

I like it, I like it, I really, really like it,
(I really like it, I really like it , yeah yeah yeah)
I want it, adore it, so come let me enjoy it
(I really want it, I adore it)

Babe when we laugh or we cry it's together
Through the rain and the stormiest weather
We gon' still be as one, it's forever, it's forever

Won't you come on and go with me? Oh girl
Come on over to my place
Won't you sit ya self down and take a seat?
And let me ease ya mind, girl
We gon' do it our way

Shawty, where you been?
Feels like a long time, long, long time
Since I seen ya
Yes, it has girl

When I know I said some fucked up things to you
before
But girl, you know I didn't mean it
(I'm sorry)
(Oh no)
I never meant one single word

If I could take back every word I would and more fo'
sho'
If I thought that you believe it
Hey, girl, 'cause you make my life so convenient for me

When we laugh or we cry it's together
Through the rain and the stormiest weather
We gon' still be as one it's forever, it's forever

Won't you come on and go with me?
Come on over to my place
Won't you sit ya self down and take a seat?
And let me ease ya mind, girl
We gon' do it our way

I like it, I like it, I really, really like it
(I really like it, I really like it , yeah yeah yeah)
I want it, adore it, so come let me enjoy it
(I really want it, I adore it)

I like it, I like it, I really, really like it

(I really like it, I really like it , yeah yeah yeah)
I want it, adore it, so come let me enjoy it
(I really want it, I adore it)

Babe when we laugh or we cry it's together
Through the rain and the stormiest weather
We gon' still be as one it's forever, it's forever

When we laugh or we cry it's together
Through the rain and the stormiest weather
