Love, I can't hide but it's been easier since I said it now  
Love, it don't end and I can't buy a friend

I waited long the waiting's over  
So get on down this time we go a little lower

The sun has broke I stretch it out and throw some gas  
into the fire  
To tell the truth, to tell it, well, it all depends upon the  
liar  
And if I scream overboard I'm in this over my head  
Or whisper sweet, baby, please, baby, please, am I  
dead?

Every time I dream about you, baby, with your hands all  
over me  
I never forget anything, don't forget that I'm asleep

Go to sleep it's over now a final prayer for my friend  
You tell that fool to make it good you have to start at  
the end  
And if I scream overkill I'm in this over my head  
Or whisper sweet, baby, please, I must have meant  
what I said

Every time I dream about you, baby, with your hands all  
over me  
I never forget anything, don't forget that I'm asleep

And every time I dream about you, baby, with your  
hands all over me  
I never forget anything, don't forget that I'm asleep

Love, I can't hide but it's been easier since I said it now  
Love, it don't end and I can't see you, baby, it would  
never be my friend

This is love, this is love and I can see, I can see  
Don't you ever go away [Inaudible]

Love,[Incomprehensible] you ever go away  
[Incomprehensible] you ever go away

Love,[Incomprehensible] you ever go away  
[Incomprehensible] ever go away  
Here we go
