Yea

I walk around with this all over me  
I cannot wash it clean  
You've got the ball  
You've got the ball I'm takin' it from you

And today  
It's in the blood  
I left it in the blood you see  
So put the words together  
I'll be with you forever

Get up, we'll rise, they'll pay, get up  
We'll rise and wait until tomorrow night  
I can't wait recall yet if I'm black  
Or if I'm white or wrong, oh  
Or if I'm white or wrong

I am your creator  
Come with me my congregation  
Get up, I'll smack your back down  
Get up, we'll rise, they'll pay

Get up, I'll smack your back down  
You will become my diamond  
I'm yours and you are mine

Get up, we'll rise  
And wait until tomorrow night  
I can't wait recall yet if I'm black  
Or if I'm white or wrong  
Or if I'm white or wrong

Get up, we'll rise, they'll pay  
Get up, we'll rise, they'll pay  
Get up, we'll rise
