Take that back or I'll mess you up
I've had it up to here
Get back in your car and drive
And put it in high gear
Cause now you're gone,
And I'm lovin' it
Bye-bye baby, goodbye
I'm on my own
And I'm lovin' it
Bye-bye baby, goodbye
Bye-bye baby, goodbye
Take that dog and tie her up
Let the bitch bark all night
Feel your trigger finger itch
You're spoilin' for a fight
Cause now you're gone,
And I'm lovin' it
Bye-bye baby, goodbye
I'm on my own
And I'm lovin' it
Bye-bye baby, goodbye
Bye-bye baby, goodbye
Take that dish and reel her in
Kiss her on the head
Take that wish and put it back
Inside your silly head
Cause now you're gone,
And I'm lovin' it
Bye-bye baby, goodbye

I'm on my own
And I'm lovin' it
Bye-bye baby, goodbye
Bye-bye baby, goodbye
