I've sharpened all my tools
I follow all the rules
I'm a handyman
I've purchased all my sweets
I've cooked up all my treats
I'm a candyman

It's alright, baby
'Cause I'm the candyman
It's alright, baby
He's the candyman

Look inside my head
Come on inside my shed
I'm a handyman
Well, I've got a little sugar
Won't you come a little closer?
I'm a handy candyman

It's alright, baby
I'm the candyman
It's alright, baby
He's the handy candyman

I'll hide it if you steal it
I'll soothe you if you feel it
I'm the handy candyman
I'll be gentle if you take it
Don't know how else I can say it
I'm the randy handy candyman

It's alright, baby
'Cause I'm the randy handy candyman
It's alright baby
