Runnin' into you like this without warning
It's like catchin' a sniff of tequila in the mornin'
But I'll try, I'll try to keep my food down
That's quite and after-taste
That you've left now that you're not around

You can just pretend we're not in the same room
Well alright, I'll just mosey to the bathroom
You flew by like a summer vacation
And you left me with TV-movies and a messy kitchen

I think I'll disappear now, slip out sideways
Just for a while but until' then I'll stay in a sleep late,
excuse me

I'll buy a fast car, I'll drive it fast from here
There's a beach, I haven't seen since last year
It's far but I like night drives
If just makes it nicer where I do arrive

I think I'll disappear now, slip out sideways
Just for a while but until' then I'll stay in a sleep late,
excuse me

Aren't you gonna miss me?
Aren't you gonna even say one thing to me anymore?

You can bet that I'll forget how it was then
All the drives to your farm for the weekend
But I've seen the swimsuit magazines
And I've smelled the tequila first thing in the mornin'

I think I'll disappear now, slip out sideways
Just for a while but until' then I'll stay in a sleep late,
excuse me

Aren't you gonna miss me?
Aren't you gonna even say one thing to me anymore?

You are years away from me
Aren't you gonna even say one thing to me anymore?
One thing to me anymore?
