[Intro]

This is a motherfreakin' emergency!  
(Let's go) Zone For, St. Louis - you ready?  
Haha, A-T-L... let's go!  
I told you all I was going to change the game  
L.A. all day! They can't stop ya boy  
They can't stop ya boy, I get money!

[Nelly] Y'all motherfuckers ain't ready, hey!

(Chorus)

Just walked thru the door what's it gonna be, I can't get  
to the floor because boys all over me.  
Where my party, pparty, party, pparty people at?  
Where my party, pparty, party, pparty people at?  
Just walked thru the door what's it gonna be, I can't get  
to the floor because girls all over me.  
Where my party, pparty, party, pparty people at?  
Where my party, pparty, party, pparty people at?

It's Nelly motherfucker comin' straight up out the Lou  
And all you New Edition rappers better cool it now  
For I make a fool of ya  
Paper stacked as tall as Yao  
Ming look at the bling setting in rings lookin like  
basketballs.[2x]

CHORUS

Where my party people at? [8x]

Well it's Fergie motherfucker comin straight from  
CaliforN-I-A  
Stuntin in my loc locs? Dreamin bout me M-I-A,  
Boyfriend wondering where I'm at cause I'm in the spot  
spot  
Why he always tryin to be puttin me down on lock  
lock[2x]

CHORUS

(Nelly)

Visually waitin & takin my time  
Watchin these haters don't come with they rhymes  
Watchin these suckers are mimicking, gimmicking then  
they start falling off one at a time  
You can go search but you never could find  
I promise you dirty I'm one of a kind  
Mold is broken the formulas mine  
I killed the idea and destroyed the design.

(Fergie)

I was patiently waitin and takin my time  
Now that I'm here I'm getting my shine  
All of you haters can kiss a behind specifically  
speaking I'm talking bout mine  
Don't need you to tell me I know that I'm fine  
I'm killing it baby so call it a crime  
Yea you watch it I'm stealin my time  
I told you before that big girls don't cry

Where my party people at?

CHORUS

[Outro 8X: Fergie (Nelly)]

Where my party people at? (Where my party people  
at?)
