I stayed up all night with my phone right beside  
me  
I'm waiting but you'll never call  
And I communicate and know when I relate  
It's like we're not together at all  
I stayed up all night and I stared at the ceiling  
I wondered where we went wrong  
It's like I'm psychic and I know what's around the  
corner  
And I don't wanna be alone

I need to know if you're still in love?  
I need to know how you feel about us?  
Tell me what's your end game?  
Are we on the same page?  
Running in the same race?  
Or is this just a play thing?  
Tell me what's your end game?  
Are we on the same page?  
Is this just a bad day?  
Or do you really need space?

I stayed up all night and I replayed the past  
Went over everything that you said  
Feel like an idiot look how far this went  
I am so really over my head

I need to know if you still in love?  
Tell me what's your end game?  
Are we on the same page?  
Are we running in the same race?  
Or is this just a play thing?  
Tell me what's your end game?  
Are we on the same page?  
Is this just a bad day?  
Or do you really need space?

Unless you could say that you're really in it  
I wish I could tell that you're really in it  
I wish you could say I'm really a mess  
But you're not at all

Baby I'm really it  
Yes I admit that I'm really a mess  
Baby I'm so deep in it  
But you're not at all  
And I wanna feel like I'm really loved

Tell me what's your end game?  
Are we on the same page?  
Are we running in the same race?  
Or am I just your play thing?  
Tell me what's your end game?  
Are we on the same page?  
Is this just a bad day?  
Or are we a cold case?
