all over the world x 2

do need no

Dont need no part-time friends

i show love to all my hard-time friends

Cause they were there through all the hard times

and there aint to many people that i call my friend

(chorus)

You never was a friend of mine

You tried to deceive me

You never was a friend of mine

you didn't believe me

Now you can eat with your enemy

speak with your enemy

but sleep with your enemy you wake up in a cemetrey

Hope you aint

(chorus)

we use to share our lunch

my mumma pack an apple

and I liked fruit punch

we didn't eat much

r.e.c.e.s.s ãç?? we'd always share the see-saw ** this

board has a problem with the word r3cess!?!

id never let you fall off

you were never too far

id help you braid your hair

you'd help me braid mine

had a beautiful smile

id let you get your shine

slowly you weltered as you watched me get mine

said ãç??here, hold my handãç?Â

but you took your time

We floated down the river backwards real slow

I had to leave you there as I rushed to my first show

But truth be told, you were the one who let go

I won't sit here and let you stop my flow

Im not mad but now you a stranger

With your breath of venom
Leaving thick chills of paper
I cant say hi, I wont call you later
And I don't have your back when people say "I hate
her"

(chorus)

Well you better pick em up when the world let em down
What kind of friend are you?
And when the world turn their back on you the friend
looks around
What kind of friend are you?
