It's kind of dark in here, I can't see you, ha
It's kind of dark in here
Ha, ha, freaky, freaky, I can't see you

It's kind of dark in here
Ah, ah, ah, ah, ah, I can't see you, freaky
It's kind of dark in here
Freaky, freaky, freaky, aha, I can't see you

I really, really want you to see me
So baby, don't turn off the lights, girl
I really, really want you to see me
So baby, don't turn off the lights, girl

I really, really want you to see me
So baby, don't turn off the lights, girl
I really, really want you to see me
So baby, don't turn off the lights, girl

It's gettin' so lonely inside this bed
To know if I should lick my wounds
Or say woe is me instead
There's an aching inside my head
It's telling me you're better off alone
After midnight morning will come
(Ooh)
And the day will see if you will get some

They say that, girl
You know she act too tough, tough, tough
Well, still I turn off the light, turn off the light
They say that, girl
You know she act so rough, rough, rough
Well, still I turn off the light, turn off the light

And I say, follow me, follow me, follow me
Down, down, down, down
Till you see all my dreams
(Turn off the lights, girl)
Not everything in this magical world
Is quite what it seems
(Turn off the lights, girl)

I looked above the other day
(Turn off the lights, girl)
'Cause I think, I'm good and ready for a change
(Turn off the lights, girl)
I live my life by the moon, by the moon
(Turn off the lights, girl)
If it's high play it low if it's harvest
Go slow and if it's full then go
After midnight morning will come
(Ooh)
And the day will see if you're gonna get some

They say that, girl
You know she act too tough, tough, tough
Well, still I turn off the light, turn off the light
They say that, girl
You know she act so rough, rough, rough
Well, still I turn off the light, turn off the light

And I say, follow me, follow me, follow me
Down, down, down, down
Till you see all my dreams
(Turn off the lights, girl)
Not everything in this magical world
Is quite what it seems
(Turn off the lights, girl)

I'm searching for things that I just cannot see
(Turn off the lights, girl)
Why don't you, don't you
Don't you come and be with me?

I pretend to be cool with me, wanna to believe
That I can do it on my own without my heart on my
sleeve
I'm running, I'm running, catch up with me life
Or is it love that I'm looking to find?

It's all in me, can't you see, why can't you
Why can't you see it's all in me? Yeah

I've been through many things, I've seen a lot of faces
A lot of you bet they peep begged up by many cases
It ain't my skin it's my will I'm a win
Right a will till the end, I don't brake fo' the bend

Then again, y'all done begged born shooters
In the streets like scooters, to my shakers and movers
It's looking for the green, everything ain't what it
seems

A different scene lanes leaving 'em with a VA lean

It ain't no magic we living up in the real world
Real deal represent for my real girls
I know it's lonely at the top and I might fall
As for now, follow the rules and turn them lights off

I really really want you to see me
So baby, don't turn off the lights, girl
I really really want you to see me
So baby, don't turn off the lights, girl

I really really want you to see me
So baby, don't turn off the lights, girl
I really really want you to see me
So baby, don't turn off the lights, girl

I really really want you to see me
So baby, don't turn off the lights, girl
I really really want you to see me
So baby, don't turn off the lights, girl

I really really want you to see me
So baby, don't turn off the lights, girl

Turn off the light, turn off the light
Turn off the light, turn off the light
Turn off the light, turn off the light
Turn off the light, turn off the light
