Nelly Furtado- Undercover

Verse 1

Yeah I like your style  
Coming at me, coming at me, coming all the while, and  
And I like to stare  
When you walk by, when you walk by  
There's something in the air, yeah  
And I like to wait (wait)  
Oh I never seen myself in such a crazy  
I'm not insane  
But I already have your number and I know your name,  
and

Hook

I think I'd like to know you  
Cause then maybe I'd see right through you  
I'd kinda like to get to know you  
But then maybe baby I'd see right through you

Chorus

Why you got your head down  
Why you looking at the ground  
Shifting your eyes away  
I want to talk straight  
Why you wanna get away  
I'm one of your games  
Cause Everything you say  
Is old and late  
I can't get in if you keep on running  
I can't get in if your heart keeps jumping  
You've got another lover  
You're still undercover

Verse 2

And you look so good  
I like you so bad I gotta knock on wood, yeah  
You know I want you  
So you keep me hanging in the ring you know you do  
That's how you play (play)  
I don't care cause' I'll be here anyway, and  
I'll play your game

As long as I can win it at the end of the day, and

Hook

I think I'd like to know you  
Cause then maybe I'd see right through you  
I'd kinda like to get to know you  
But then maybe baby I'd see right through you

Chorus

Why you got your head down  
Why you looking at the ground  
Shifting your eyes away  
I want to talk straight  
Why you wanna get away  
I'm one of your games  
Cause everything you say

Is old and late

I can't get in if you keep on running  
I can't get in if your heart keeps jumping  
You've got another lover  
You're still undercover

Bridge

Watch, watch it now, watch it come around the corner  
Watch, watch it now, watch it come around the corner  
Watch, watch it now, watch it come around the corner  
You turn your head around like you were a transformer  
Watch, watch it now, watch it come around the corner  
(watch it now)  
Watch, watch it now, watch it come around the corner  
(watch it now)  
Watch, watch it now, watch it come around the corner  
(watch it now)  
Turn my head around like i was a transformer

Chorus 2X

Why you got your head down  
Why you looking at the ground  
Shifting your eyes away  
I want to talk straight  
Why you wanna get away  
I'm one of your games  
Cause Everything you say  
Is old and late  
I can't get in if you keep on running  
I can't get in if your heart keeps jumping

Why you got your head down  
Why you looking at the ground  
Shifting your eyes away

I want to talk straight  
Why you wanna get away  
I'm one of your games  
Cause Everything you say  
Is old and late  
I can't get in if you keep on running  
I can't get in if your heart keeps jumping

You've got another lover  
You're still undercover
