We burn our mistakes and we watch as they burn.
We've been here so long, we've got nothing to learn
And we put all the nastiest bits in your media bag

Angela Rippon
Kenneth Kendal
Robert Dougal
Richard Baker
We put all the nastiest shits in your media bag

Feel pretty solid, can move pretty smooth
Yeah, but I'm learning I've got nothing to lose
And you put all the nastiest licks in your media slag.

Fucking watch out
I am about, I can
And I don't have to pretend anymore
