They ask me why I'm hateful, why I'm bad  
They tell me I got things they never had  
They tell me go to church and see the light  
Cos the good lord's always right  
So what, so what  
So what if Jesus died on the cross  
So what about the fucker, I don't give a toss  
So what if the master walked on the water  
Don't see him trying to stop the slaughter  
Say I wouldn't have to live from bins  
If I would go along, confess my sins  
Say I shouldn't commit no crime  
Cos Jesus Christ is watching all the time  
So what, so what  
So what if he's always over my shoulder  
I realise the truth as I get older  
Get to see what a con he is  
Because it's my life, mine not his  
Well, they say they're going to send me away  
Say they're gonna make me pay  
We're sorry but you've gotta go  
Cos you were naughty, you said "NO"  
So what, so what  
So what if I see through the lies  
So what if the people I despise  
Twist my arm and make me work  
I'm no deaf, dumb, fucking jerk  
I'm no spastic lying in the street  
I'm no superstar elite  
I'm just a person, human being  
NO YOU'RE NOT YOU'RE A PART OF THE MACHINE  
You're a part of our machine, because we want you to  
be  
Got you now and you'll never be free  
We can even have your body after you're dead  
We can take the eyes out of your fucking head  
Yes we'll take them out, use them again  
We can do it you know, cos we've got your brain  
We'll crucify you like we crucified him  
Make you obey our every whim  
We've got the power, Power and the glory  
Heard that before in a different story

Story I heard covered up the truth  
Didn't touch on the actual, factual proof  
Didn't say about the bodies in the concentration camps  
Didn't say about the knives under the lamps  
Don't say the ovens are still warm  
Don't say this wretched little form  
Is a human being who wants to live  
But not in the snot and shit they give  
Say that I better keep quiet  
Or they're gonna douse my light  
Jesus Christ can save my life  
But I can always use the knife  
So what, so what, so what, so what,  
So what, so what, so what, SO WHAT
