Earth, you'll go beyond, and pass the gates.  
Go, sink in the black, discover that here is no  
emptiness, no paradise, no heaven or hell, the galaxy  
seems width.  
Fall into the seas of black, cross the timeless border  
where you have lived, preached and sinned.  
This, a vacuum between time, also known as the other  
side, dimensions bright, a new begin.  
Here, no emptiness, no paradise, no heaven or hell,  
the galaxy seems width.  
To a higher state, a higher grade, pass the emptiness,  
the paradise, heaven or hell, you've past behind.
