From what I hear
You were a loser
In elementary school
You were a loser in junior high too

You were shy
And nobody was your friend
I know you now and
I understand

And for all the times you put people down
It is you we will pound
And though it may seem unjustly
I'm sure it's unjustanny

From what I know
You ended up with
A fly girl in grade nine
For about a week

You took it to your head
That you couldn't let it go
You couldn't go back to being low
You had to stay popular

And for all the times you put people down
It is you we will pound
And though it may seem unjustly
I'm sure it's unjustanny

Now comes the turnaround
The friendliness is gone
Now you've pissed me off and
I can't just help it if I...

Punch you in the face, kick you in the gut
Man, you're going straight the hell down
Even if I have to bring my friends in to kick your stupid
ass

And for all the times you put people down
It is you we will pound

And though it may seem unjustly
I'm sure it's unjustanny
I'm sure it's unjustanny
I'm sure it's unjustanny
