[HAVOC]

Yeah this is some of that laid back Prodigal G-funk for the 9-4

With A Havocal twist

I got a sack of orange

I'm finna take me a ????? and be like ????

[PRODEJE]

Taa-dow, back up in your ass for the fourth time

Mill. 9's carry crimes from the waistline

Knee deep in that shit that you like to call a gangsta

Diggin' in your brains if I bring the

Flow to your door, can I come on in?

Kick my game in yo' ear, do you hear?

Shall we spend - time in my coup, hittin' dips and blocks

As they nod G-Funk from the bucks that rocks

Endo - I spill it till you feel it, big baby

From the hood where the shit gets crazy

And never sweatin', suckers I gaffle

You thought me ???? but yo, I never felt a baffle

To the break of dawn, till the twilight midnight

Everywhere I go I keep my G tight

And if the East Side G's understand this

I know the West Side G's comprehend this

LV:(chorus)

Eastside, westside, G-slide

Don't stress I'm that nigga with the endo glide

Eastside, westside, G-slide

Ah, yeah right...

[YOUNG PROD]

One, two, three as I creep down your block (low-low)

Don't slip cause I'm strapped with this G-shit

Lil' knucklehead with the 9 over his waistline

Wicked, I get it into more shit than pigeon

I did my G-slide in, on the Eastside in

Niggas never stress Young Prod when I'm ridin'

Ruffneck shit

Nigga don't you want to touch this gangsta funk when I  
bump this legit  
Don't get it twisted  
Nigga but you missed it  
Flippin' to the zone if Young Prod ain't got ?????  
Ride boy makin' come down now  
Just a little touch of this G-shit I found

(Chorus)

[BLOODY MEAT]  
Before I chill in the streets grab my heat still 187  
Bloody M-E-A-T  
Mr. West to the S-I-D-E ride  
And remember me fool Westside pimpin' slide  
I bust that shit on South Central Cartel's first C-D  
Now who the fuck I be be

I bust a ????? bullet as I hit as I jack 'em  
N-U-T'z niggas conceive  
West to the side make your hoes say: please!  
Suck my dick bitch trick don't tease  
When I'm done, grab my ki's, shake this spot like a P-I-  
M-P  
Headed for my H-O-O-D hit ????? liquor sto' for the  
Hennessy  
Before I lounge in the streets grab my heat  
Still 187 Bloody M-E-A-T in the street

(Chorus)
