-----  
My little sister sings herself to sleep  
she doesn't know we're listening  
to her lullaby so innocent and sweet  
I've rocked her cradle 'till her tears were dry  
and chased away a sleepless night  
with a fairy-tale  
reliving the best years of my life  
when I look into her eyes  
and then I realize  
Everything she's going through  
will be her memories  
when she's older and wiser  
she's making her history  
and everything we're going through  
will be our memories  
I'm gonna make them worth remembering  
for years ...  
everything she's going through  
will be her memories  
when she's older and wiser  
she's making her history  
and everything we're going through  
will be our memories  
I'm gonna make them worth remembering  
for years ...
