Just because there are rules
it doesn't mean the game is fair
so you head the revolution
in your own illusion of despair
When were you a year ago today
don't lose your faith
You're not the first
and you won't be the last
some day all this pain will pass
with someone to care for
and be there for always
When you kill the conversation
and make it hard to say goodbye
I just hate the situation
but you get drunk and I'm just tired
That was over years ago
now I won't change my mind
You're not the first
and you won't be the last
some day all this pain will pass
with someone to care for
and be there for always
You're not the first
and you won't be the last
some day all this pain will pass
with someone to care for
and be there for always.
