I should of buried you
We were pedophiles
Running from the paparazzi
Cause they know they can't stop me

It's on the tv screen
Spread it like vaseline
Shame, Shame, Shame!
Shame!

'Cause, that's what they always say
'Cause, that's what they always say
'Cause, that's what they always say
And, that's what they always say
And, that's what they always say
And, that's what they always say in the end

They say they'll just get it and bail
But the network was hot on their trail

Between the static and me
And robot pornography
I like the bodies between
The preachers and the pedophiles
Between the children and me
It's a heresy

One more binary can be a bore
One to 'cause that's all we do

And, that's what they always say
And, that's what they always say
And, that's what they always say in the end
And, that's what they always say
And, that's what they always say
And, that's what they always say in the end

SHAME!
