Here I am alone in this empty room,  
And let my mind just fly you to the end.  
Thoughts of you still linger in my memory,  
Wondering why my life is not that fair.

I could still recall, those memories of you,  
The joy and all your laughter,  
The love that we've been through.  
Oh I can't believe, you're gone...

Talkin' to my self, for reasons I can't find.  
Findin' out why everything went wrong.  
Tears fallin' down on my cheeks,  
That I've been tryin' to hold.  
I just dunno if I could still go on.

I wanted you to stay,  
The tears began to show,  
You said you care for me,  
But then you have to go  
And now I know, you're gone.

I don't want to remember,  
The things we used to do,  
All the things that remind me of you.  
I don't want to hear those songs,  
Those songs we used to sing,  
'cause I don't wanna feel the pain in my heart

(Instrumental)

I just can't believe, you're gone...

I don't want to remember,  
The things we used to do,  
All the things that remind me of you.  
I don't want to hear those songs,  
Those songs we used to sing,  
'cause I don't wanna feel the pain in my heart,

And I don't want to remember,  
The things we used to do,

All the things that remind me of you.  
I don't want to hear those songs,  
Those songs we used to sing,  
'cause I don't wanna feel the pain in my heart

Ohh...  
I don't wanna feel (Yeah)  
I don't wanna feel

Don't know what went wrong...
