Riots on the streets.
This city will burn.
Ruins will remind us.
We failed.
Everything I've done has just fucking sucked.
Failure loves me.
We Failed.
We rose up from the ashes just to get shot down.
The world keeps turning and still I feel like shit.
This will never change.
This skyline bleeds me dry.
I wanted out before I was in.
No matter what I did, I couldn't fucking win.
I took in every word, you ever fucking said.
On my own, swimming with lead.
This world built us up, just to break us down.
And when we crash and burn, we won't stand our
ground.
