

## Neon Plastix "On Fire"

Visit "[On Fire](#)" on [MotoLyrics.com](http://MotoLyrics.com)

I'm on fire flying fast flying high  
I should have stayed, you'd have left me  
I gone too fast we're goin to crash  
It's suicide if you let me.

It's gotta hold up so what got a shot  
Come on and go  
It's gotta hold up so what got a shot  
Come on and go

It's coming off it will shock you so hard  
It's a nervous desire  
It's getting late  
I'm goin to faint  
Something in my head  
It's so quiet

It's gotta hold up so what got a shot  
Come on and go  
It's gotta hold up so what got a shot  
Come on and go

Whenever you feel, like I feel  
Somethings gone wrong  
Well I wont be here to clean up this mess.

You better change your ways  
You better change today

My head's so strong you don't know what I'm on  
Don't even care so much to fight ya  
I'm built for power in every hour  
I guess you win if I let ya.

It's gotta hold up so what got a shot  
Come on and go  
It's gotta hold up so what got a shot  
Come on and go

You're talking crap with your trash can mouth  
With every word comes a judder  
What's going on why don't you hold that song

Speak straight don't stutter stutter stutter

It's gotta hold up so what got a shot  
Come on and go  
It's gotta hold up so what got a shot  
Come on and go

Whenever you feel, like I feel  
Somethings gone wrong  
Well I wont be here to clean up this mess.

You better change your ways  
You better change today

Whenever you feel, like I feel  
Something has gone wrong  
Well I wont be here to clean up this mess.

You better change your ways  
You better change today.
