Take another picture today  
And save it for tomorrow  
A thousand words that we won't have to say, no.  
Another penny for your thoughts  
A dollar for your sorrow  
It's your silence and that's the price we pay

(Chorus 1)

I can't. I won't. I've tried before  
To make believe just a little more  
It's killing me from inside  
When your souls collide

Leave me hanging by a thread  
Am I on the road to somewhere  
Driving in the rain I see just fine, yeah  
Hurt by what was never said  
The silence makes me stronger  
Staring at my feet have I crossed that line

(Chorus 2)

I can't. I won't. I've tried before  
To make believe just a little more  
It's killing me from inside  
You win. I lose. It's all the same  
It finally played us, a losing game  
It's crushing me from inside  
When our souls collide

Walking away  
A victim of my own advice

(Chorus 2)

I can't. I won't. I've tried before  
To make believe just a little more  
It's killing me from inside  
You win. I lose. It's all the same  
It finally played us, a losing game  
It's crushing me from inside  
When your souls collide

When your souls collide

Take another picture today  
And save it for tomorrow.
