Where did you go now?
Oh where did I leave you?
I must find you somehow
While you're so easy to get to

Why can I hear you breathing?
Oh, I'm not far behind

(Chorus)
One step behind I'm close now
Oh, can you feel me breathe
Invisible inside your shadow
(It's) A part of me
You're my Therapy

You push me away now
Oh my temper is rising
I'll still find you somehow
Oh how can you deny me?

Why can I hear you breathing?
Oh, it's just a matter of time
(Chorus)
One step behind I'm close now
Oh, can you feel me breathe
Invisible inside your shadow
(It's) A part of me
You're my Therapy

(Bridge)

Love you, live you, leave you
I can taste you
You're a part of me
Well I can't take another day away
Someone help me, help me, help me

(Chorus)
One step behind I'm close now
Oh, can you feel me breathe
Invisible inside your shadow
(It's) A part of me

You're my Therapy
