"Braincracking"

Visit "[Braincracking](#)" on MotoLyrics.com

Have you ever heard a sound?
Throw your head in the ground
And you're afraid to say
And it won't go away..

That's the sound of your brain cracking,
That's the sound of your brain cracking,
That's the sound of your brain cracking,
That's the sound of your brain cracking.

Have you ever heard a sound?
Throw your head in the ground
And you're afraid to say
And it won't go away..

That's the sound of your brain cracking,
That's the sound of your brain cracking,
That's the sound of your brain cracking,
That's the sound of your brain cracking.

Have you ever heard a sound?
Throw your head in the ground
And you're afraid to say
And it won't go away..

That's the sound of your brain cracking,
That's the sound of your brain cracking,
That's the sound of your brain cracking,
That's the sound of your brain cracking.
