Spoiled useless souls  
Followers of the absurdity  
Your fine future reserves you the immensity  
The emptiness of your principles

Smell the ignorance  
Impregnated in the leaves of rotten writings  
Compassion is your cancer  
You will get what is yours

Think - the revenge desire  
Poured in the lands of hate  
Deep bloody rivers  
The abyss of the thought will know how to impose the rules

Fearing death you'll lose the life  
Destroy your weaknesses  
Instinctive and free from deceiving laws  
We washed with blood  
We spit in your ignorance

Vomiting truth, we conceal the lie  
Face to face, we avenged

Genocidal mind, ambition  
Need of power  
Over empty minds  
Compassion is your cancer  
You will have what is yours

The emptiness of your principles

Fearing death you'll lose the life  
Destroy your weaknesses  
Instinctive and free from deceiving laws  
We washed with blood  
We spit in your ignorance

Think - the revenge desire  
Poured in the lands of hate  
Deep bloody rivers

The abyss of the thought  
Will know how to impose the rules
