Disturbing the dictators forces  
Creating the era of supreme revelations  
Immobile you do not have reaction  
Feel the fury from my words

Wandering in a underworld  
Your prayers did not have effect  
Your attempt was frustrated  
The hate becomes a tempting escape

The true acts get the impossible  
Never live of beginning without any base  
Do not fear your instinct  
Do not drown in lamentations  
Sustaining a lie, you get lost in your acts  
Rotting in the emptiness

Being in death, agony in pain  
The shadows of the forgetfulness  
They reign on your soul  
Devouring your force  
Eating away your sanity

I will be the torturer in your sentence  
I will turn of falsehood your misfortune  
Thirsty for vengeance, I will spread the plague  
I will break the crosses of your existence

Screams for the supreme force  
Screams for the supreme force

The true acts get the impossible  
Never live of beginning without any base  
Do not fear your instinct  
Do not drown in lamentations  
Sustaining a lie, you get lost in your acts  
Rotting in the emptiness

Disturbing the dictators forces  
Creating the era of supreme revelations  
Immobile you do not have reaction  
Feel the fury from my words

They reign on your soul  
Devouring your force  
Eating away your sanity
