Unholy storms of fury - hear me  
Open the hell's gate - the empire  
Invade the mortal world - I evoke  
Free the forgetful fire

Immortal flames of victory - hear me  
Burn the Christ's church - the cancer  
Master the mortal world - I order  
Free the genocidal fire

Cold winds carries the flames  
Blasphemies killing the holy faith  
You'll see I burn this world  
Fallen cross increase the lie  
Enemies dying for this belief  
You'll see I burn this world

Blackness, bleeding  
Suffocated screams by infernal war  
Nothingness, suffering  
I am the silence, I am the wrath

The wrath will be the fire  
The wrath will be the fire  
The wrath will be the fire  
The wrath will be the fire

Evil's creation, lords of curse  
Merciless warriors thirsty for blood  
Spreading the plague on the new empire  
Reigning on the wrath of fire

Unholy storms of fury - hear me  
Open the hell's gate - the empire  
Invade the mortal world - I evoke  
Free the forgetful fire

Immortal flames of victory - hear me  
Burn the Christ's church - the cancer  
Master the mortal world - I order  
Free the genocidal fire

Blackness, bleeding  
Suffocated screams by infernal war  
Nothingness, suffering  
I am the silence, I am the wrath

Cold winds carries the flames  
Blasphemies killing the holy faith  
You'll see I burn this world  
Fallen cross increase the lie  
Enemies dying for this belief  
You'll see I burn this world
