Lately, my insecurity has got me paralyzed  
Look in the mirror, It's getting clearer.  
I've got those Ed McManoh eyes.  
Feelin' humble, just like Barney Rubble  
Like I'm just a part of someone else's show.  
Don't wanna be the guy who has to die,  
In the middle of a Star Trek episode.

I don't wanna go on like Frank Stallone...  
Don't wanna be second best  
I don't wanna be your second best  
I don't wanna be your second best

I go to parties, trying to be smart  
With practiced lines, I try to show some wit.  
No matter how I say it, nobody takes the bait  
And I end up in the corner eating chips.  
Don't wanna go through life with my rolling 25  
Always playing second fiddle to the man  
Why can't I be the best? Not like all the rest.  
Not the professor, I am Mary Ann.

I don't wanna be like Andrew Wrigley  
Don't wanna be second best  
I don't wanna be your second best  
I don't wanna be your second best  
I don't wanna go on like Don Oates  
Just second best.

Everytime I turn around, I'm Art Garfunkel out.  
Don't wanna be Second Best
