She met him in the rain and tears went down
Her eyes as they kissed for the first time
It was love at first sight it was wonderful and
Nice what it really was, was a suicide
And she cannot find a reason why he stayed
That night with a girl they knew
He said it meant nothing well if that's what he
Wants what the hell did she mean to him
And now they're wondering why she can't really
Like herself and feel pretty
But he gave her love to someone else
And now they're wondering why she can't really
Be herself and feel pretty
But he took too much and now she is gone
Just a bit of time goes and she already knows
Whose child she is carrying inside her
It was just a weak moment now the love that they felt is
down
