I leave the key on your table,
Turn off the bathroom lights,
I make the bed that kept me warm for so many nights.
Clean up the kitchen one last time,
Take one last look of what I leave behind.
I am leaving you.
Even though it's me who wants to go apart,
There is still love in my heart.
It's so damn hard and there's no doubt,
I can't live with you,
Can't live without.
I am leaving you.
I leave the key on your table,
Turn off the bathroom light,
I crawl in to the bed for the night,
You messed up the kitchen once again,
I lay down next to you with my heart broken
