I wish I could go back in time,
maybe use another line and you'd be here.
I wish I would have touched you like,
wanted to but didn't quite get that near.
I had you close to me,
I was where I want to be Why did I let that chance slip
away?
You just waltzed into my heart and took it,
just as fast you'll brake it.
You make me feel so good it hurts,
You make me want you till I burst,
To love you is worth suffering for,
You're poison and the cure.

I spend my days lying on my back,
all the old things seem to lack all the joy.
Banging my head against the wall,
I'm waiting for you to call, you're being coy.
Your skin was warm and soft against mine,
your blue eyes like diamonds they shined,
your perfect lips wanted a kiss that never came.
You are everything that I ever wanted.
I hate you cuz you're perfect.
You make me feel so good it hurts,
You make me want you till I burst,
To love you is worth dying for,
You're poison and the cure.
You are everything that I ever wanted
I hate you cuz I can't have you
