Sitting in my boxers eating apple jacks  
Welcome to my world, welcome to my world  
Whacking it to late night cinemax

Welcome to my world

Jagermeister and captain crunch  
Nicotine and the brady bunch  
I'm building a boat out of pudding cups

Welcome to my world

Welcome to my world  
Non-stop no-girl action without you

This old shirt is starting to stink  
I don't give a damn what people think  
I can take a leak in the kitchen sink

Welcome to my world

No you needn't she'd a tear  
'cause I've got waffles and I've got beer  
And i've got mr. belvedere

Welcome to my world

Welcome to my world  
Non-stop no-girl action without you

Don't want to be here  
Don't want to be here tonight  
Can't stand another episode of cheers tonight  
I hate that woody  
I hate diane  
Frasier and norm  
And that dumbass mailman!
