I said, Beau-tiful People, they've gotta a Robert Palmer
T-shirt in their travel bag
Beau-tiful People they've got a passport hey yeah
I said, Beau-tiful People, they've got some friends that
just flew in from L.A
Beau-tiful People, they havn't really much to say.

Chorus

I said, People, they just wanna take you
People, they just wanna make you
People, they just wanna break you down
They just wanna take you down

I said, Beau-tiful People, they ride two-hundred dollar
push-bikes in the park
Beau-tiful People, they won't admit it but they make
love in the dark
Beau-tiful People, snap frozen party carp in the corner
of the sitting room
Beau-tiful People, decore Sonic Boom

Chorus

...wanna take you down
yes they do, uh oh
they 're gonna get to you

I said, Beau-tiful People, you know they're going out
tonight to get their bobby rocks off
Beau-tiful People, they 've got a carawin condition,
gotta cocaine cough
Beau-tiful People, studio 54 is the only place to dance
Beau-tiful People, you know the gardens full of
furniture, the house is full of plants

Chorus x2
