I can sense this feeling coming over me
Kind of scary, please tell me what it might be
Starting to feel a little distant now
Wonder why it's time to leave this place
Reach out touch the sky
Reach out touch the sky
touch the sky

Can you understand confusion?
All I wanted to know
is what's about to happen to me
Now it's time to go
Reach out touch the sky
Reach out touch the sky

touch the sky

Listen closely what I tell you
A secret about a time long ago
Life's made for one reason,
Now it's time to go
reach out touch the sky
reach out touch the sky
touch the sky
reach out touch the sky
reach out touch the sky
touch the sky
touch the sky
touch the sky
touch the sky
