You close your eyes, when you see me fallin'
You close your mind, when you hear me call [2x]

I feel so cold when I'm out to feel you,
I've been so cold when your out of reach,
I feel so cold coz I'm nothin' to you,
I've been so cold coz your out of reach,

You close your eyes, when you see me fallin'
You close your mind, when you hear me call [2x]

I feel so cold when I'm out to feel you,
I've been so cold when your out of reach,
I feel so cold coz I'm nothin' to you,
I've been so cold coz your out of reach,

You're out of reach [4x]
