Beneath the wastes you waited for the precise time to  
escape  
Your ignorance betrays and entraps carving your  
twisted mind  
And crowned you the throne of shame to rule the  
degraded sources  
A meaningless cause to blame, collapse, distort your  
faces

You didn't seem to ever mind  
Until the wounds on your wretched soul  
And then you remembered

Tramped through, melting flesh  
To rest in your flaws you'll bleed  
The lands that turned to ash  
Until that foretold day ye fall

The night draws forth  
To rest your flaws you'll bleed  
To find out what you're worth  
In these precious times of need

To live, to die, it'll leave, and come again

The voices in your head consuming degraded mind  
Controlling your senseless emotions emerging  
nothingness

Demeaned is your essence forever you'll be  
Consumed morality

Tramped through, melting flesh  
To rest in your flaws you'll bleed  
The lands that turned to ash  
Until that foretold day ye fall

With this greed the world is entrapped  
With this creed you'll have to adapt  
Once a wolf among the sheep  
Now as a slave you will weep

To live, to die, it'll leave, and come again!

I'm entertained with your torment  
The shroud of pain within me
