Incoherent  
Blatant to the spheres of comprehension  
Oblivious  
Dispelled, cast away from strings of carelessness

You're shallow and pointless  
Apathy reached heights of insanity  
Driving me to the edge of depravity

This dominion has clenched my senses choked  
Fortitude faded in the mist of thin air evoked

Silence wrecked  
Tyranny of ignorance resisted  
Close mindedness  
Spiritual blindness

The yearning to seek the truth  
Ignorance spawned the will to blame  
Their lives to dominate

Dominate

The time of retribution is now  
Your covert traces announced  
Relinquishing despair  
The wrath of my carnage you'll not bare

Through conviction, persistence  
I will bring you down  
Tearing your morals  
Crushing your crown

Incoherent  
Blatant to the spheres of comprehension  
Oblivious  
Dispelled, cast away from strings of carelessness

The negation  
Theories entwined with beliefs  
The dissolution

Principles inaugurated

It's evident through social norms  
Lured away from common sense

Dominate

Primitive state was attained  
To civilizing progression  
Profound human miseries

Strike, inflict, motivate  
Your inner reason  
To confederate
