

Cravin' Melon "Come A Day"

Visit "[Come A Day](#)" on MotoLyrics.com

Oh Janie, where did we go wrong
Pack my bags and left you that day
Well, I was wrong not to know
Had to go my own way

And when I look back to that day
That's when all hope will fade away, yeah

All I have is my pride
That's why I hoped and ran away
The pain is killing me inside
Please help me find my way

And when I look back to that day
That's when all hope will fade away, yeah

Then there will come a day
Then there will come a day
Help me find my way
Then there will come a day

Oh Janie, where did we go wrong
Packed my bags and left you that day
I was wrong not to know
Had to go my own way

When I look back to that day
That's when all hope will fade away, yeah

Then there will come a day
Then there will come a day
Help me find my way
Help me find my way

There will come a day
Help me find my way
There will come a day
