Called for a spiritual mandatory... Transcendent
privilege to show this
Revelation.
Accusation of the scornful scientists.
Condemned as enemies of the preached.
Blessed by thousands of ravenous souls - Rejected by
theologic complaisance.
Spiritual pride and dogmatic loyalty stops the
recognition of progressive
Movement.
Bring down to slander the name of the desired...

Inspired by artistic mandatory...
By illusions, show a foretaste of elevated realities.
Art is issued from the temptation of man to escape the
lack of beauty.

Cristallized emotions in time in a conception of eternity.
Give wings to your thoughts and light your soul.

Essence of harmonies.
Invisible form, passionate and eternal.

Mistaken judgement becomes a sin if the will of men
endorse consciously
Immoral intentions.
Powerful domination in every realms.
Reflected resistance to divine reality.
Desintegration of personality close to cosmic insanity.
