Idol to many  
Monument of strength and authority  
Standing vehement  
Rational behavior that inspires millions  
Concrete statement  
Glorious logic

Slowly appealed to the other side  
Secretly seduced by the opposite

Versus  
A conscience divided  
Mentally overflowed  
Versus  
The structure suffers  
Causing a rupture of identity

A simple purpose turned into obsession  
Unconscious quest to attain liberation

The structure suffers  
Overflowed with possibilities  
Versus

It is imminent, reality clashes  
Through the mirror, reflects the terror  
The truth that lies beneath...

The difference between the light and the darkness  
Obscure influence that blinds from the struggle

A choice of two evils, raging war, one against the other  
With both paths painted in crimson colors

A violent contrast  
The present versus the past  
Those abstract images from the future  
Confronts the real and the unpure

On the verge of extinction, at the limit of knowledge  
All the principles of virtue are engulfed in a void  
This unknown reaction, response to the pulse

Empowered by the fall  
A total denial of convictions...

[Solo: Rob]

Is this all an illusion?  
Is there even a solution?  
Versus
