Maniacal at times never lost my mind Brilliant other
times till it all became
Heavy Lost myself so weird How this all get here Wrap
it all up with my fear
And you've got yourself a madman I use to have a
feeling and it Sounded a
Little like this inside my head Set in a situation with a
feeling that I may
End up dead Can ya hear me I'm sceaming If ya hear
me when I'm screaming Lend
Me some words and Advice I can believe in Helplessly
my Genius tree Has fallen
To the ground From Genius to Lunatic Pace myself
around clouds of babbling on
Used to be so strong I used to be like the morning Now
to separate the acts of
Love and hate No time to designate the Separation of
feeling
