Seven minutes from so many different scenes
Scenes of timeless nostalgia and gorgeous dreams
Catching catching droplets from the waterfall of so
surreal

Any where you wanna go is alright with me

Time, time, time inflator

Now I'm dancing with the ones we have come to love
But you see somehow I cannot include myself
Now I'm catching droplets from the waterfall of so
surreal

Anywhere you wanna go is alright with me

Time, time, time inflator

Differentiate the difference away
God may not understand
Time inflator

Time, time, time inflator
