"I Say"

Visit "[I Say](#)" on MotoLyrics.com

I say life isn't all that fair
And i say i want someone who truly cares
And i say that being lonely isn't all that fun
And i say i know i'm not the only one

Cause i know God's got someone for me
And i guess i'll just have to wait and see
And i know that patience is the only way
And i guess i'll be waiting till that day

I say i'm feeling better all the time
And i say now i've got some peace of mind
And i say i am gonna preserve
And i know my loneliness will disappear

Cause i know God's got someone for me
And i guess i'll just have to wait and see
And i know that patience is the only way
And i guess i'll be waiting till that day
