Traveling through the night  
Dark days turn to light  
I see myself inside you  
I can't even find you  
Your lost  
I'm found  
Come back around

Look into my eyes  
I see you  
Do you see my love  
Shining through  
Your lost  
I'm found  
Come back around

Lost my way back home  
Can't seem to find my way  
Won't you lend me a hand  
Back to the promised land

Lost my way back home  
Can't seem to find my way  
Won't you lend me a hand  
Back to the promised land
